The SUCCESS! Partnership and this Resource Directory

The SUCCESS! Partnership consists of over 100 partners working towards improving the lives of children in Dona Ana County by engaging community. The SUCCESS! Partnership is a “prenatal to career” education initiative. The partnership embraces the idea that “education is a shared responsibility” and that everyone in the community has a role in helping children succeed. The partnership is composed of residents, parents, students, teachers, school administrators, businesses, professors, elected officials, university and college personnel, faith-based groups and community leaders. In 2015, at a local community convening, a “community agenda” was developed with ten (10) major goals, including **Early Childhood Education**.

The **Early Childhood Education Coalition** has 9 goals including Family Empowerment. This Resource Directory is a product of the Family Empowerment Subcommittee. Our hope is that this Resource Directory is used by families and agencies throughout Dona Ana County.
